General Terms and Conditions
Attachment 2

I. Administrative Requirements

These General Terms and Conditions include requirements that are especially pertinent to solid waste management district grant awards made by the Missouri Department of Natural Resources (MDNR), Solid Waste Management Program (SWMP) to Missouri's Solid Waste Management Districts (Districts). These General Terms and Conditions do not set out all of the provisions of the applicable laws and regulations, nor do they represent an exhaustive list of all requirements applicable to this award. A certain number of these requirements are emphasized here because they are frequently invoked and their violation is of serious concern. Definitions of terminology used within these General Terms and Conditions are set forth in Section III of this document.

These General Terms and Conditions apply to district grant applications approved and signed by the District's Executive Board for use of Solid Waste Management Funds (SWMF). In addition to these terms and conditions, the District and District Subgrantee must comply with all governing requirements of the District's subgrant award.

A. Use and Award of Solid Waste Management Funds

1. The District shall address the recycling, reuse and handling of aluminum containers, glass containers, newspapers, textiles, whole tires, plastic beverage containers and steel containers in its solid waste management plan consistent with 260.250 to 260.345 RSMo.

3. District grant or subgrant funds shall be awarded by the District for projects that will implement the District's approved solid waste management plan. These funds shall be used for solid waste management projects as finally approved for funding by the SWMP. However, no district grant or subgrant funds shall be made available for incineration without energy recovery and in no case shall a District's Executive Board perform solid waste management projects that compete with a qualified private enterprise.
4. District grant or subgrant award priorities may be established by the District using the following criteria:
 - a. Grants to facilities of organizations employing individuals with disabilities under 178.900 to 178.960 RSMo or 205.968 to 205.972 RSMo;

 - d. All other grants.
5. A District may elect to use more than one fiscal year's allocation of funds to finance a project.
 - a. Prior to the SWMP encumbering funds for this project, the District shall submit a request to the SWMP for approval that provides justification for the project and shall include financial supporting documentation.
 - b. Following the SWMP's approval, the District may request that these funds be disbursed to the District.

- c. All interest income earned by the District shall be obligated to this project until the total amount needed for the project is reached.
6. District grant or subgrant funds shall not be awarded for a project whose applicant is directly involved in the evaluation and ranking of that particular project.
7. A District's Executive Board shall not disqualify an applicant from receiving a grant due to the existence of a familial relationship between the applicant and any member of the Solid Waste Management District Executive Board within the fourth degree by consanguinity or affinity.
 - a. For applicants with a familial relationship with any member of the District Executive Board within the fourth degree by consanguinity or affinity, the District Executive Board shall only approve such grant application if approved by a vote of two-thirds of the District Executive Board.
 - b. If an Executive Board Member does not abstain from a vote to award a Solid Waste Management District Grant to an applicant providing solid waste management services who is a relative within the fourth degree by consanguinity or affinity, the Executive Board Member shall forfeit membership on the District Executive Board and the District Council.
8. District grant or subgrant funds shall not be awarded for a project that displaces existing resource recovery services, unless the District demonstrates how the proposed project will result in improved or expanded services.
9. District grant or subgrant funds shall not be awarded for a project that collects solid waste for disposal on a continuous basis.
10. Any allocated district moneys remaining in any fiscal year due to insufficient or inadequate grant applications shall be reallocated for grant applications in subsequent years or for solid waste management projects other than district operations, including a District's next request for Solid Waste Management Project proposals. Any allocated district moneys remaining after a period of five years shall revert to the credit of the Solid Waste Management Fund created pursuant to 260.330 RSMo.
11. District grant or subgrant funds may be withheld or may be required to be repaid to the SWMP if the District has an unresolved audit with significant findings or questioned costs.
12. Any funds allocated to a District that are not requested by the District pursuant to the procedures outlined in 10 CSR 80-9.050, within twenty-four (24) months of the end of the state fiscal year in which the funds were allocated may be reallocated by the SWMP pursuant to section 260.335.2, RSMo.

 - i. has a history of unsatisfactory performance;
 - ii. is not financially stable;
 - iii. has a management system that does not meet the management standards set forth in these General Terms and Conditions;

- iv. has not conformed to terms and conditions of previous awards; or
 - v. is otherwise not responsible.
- c. If SWMP determines that an award will be made to a “high risk” District or District Subgrantee, then special conditions and/or restrictions shall be set to correspond to the high risk declaration and shall be included in the award as a separate attachment.
- d. Special conditions or restrictions may include:
- i. authorizing payment on a reimbursement basis only;
 - ii. withholding authority to proceed to the next phase until receipt of evidence of acceptable performance within a given funding period;
 - iii. requiring additional, more detailed financial reports;
 - iv. requiring additional project monitoring;
 - v. requiring the grantee or subgrantee to obtain technical or management assistance; or
 - vi. establishing additional requirements to obtain prior approvals from SWMP and/or the District, where appropriate.
- e. If the SWMP declares a District or District Subgrantee to be high risk and prior to imposing special conditions or restrictions, the SWMP will notify the District or District Subgrantee as early as possible, in writing, of:
- i. the nature of the special conditions/restrictions;
 - ii. the reason(s) for imposing the special conditions/restrictions;
 - iii. the corrective actions that must be taken to abate the problems that gave rise to the special conditions/ restrictions and the time allowed for completing such corrective actions; and
 - iv. the method of requesting reconsideration of the special conditions/restrictions imposed.
14. In consideration for the ability to utilize SWMF monies, the District and the District Subgrantee agree to comply with all applicable terms and conditions of the Financial Assistance Agreement (FAA) and any documents incorporated therein, including these General Terms and Conditions. Districts must incorporate the General Terms and Conditions into the District’s Subgrantee FAAs and any documents incorporated therein and either provide copies or make copies available to the District’s Subgrantees.

B. Grants, Projects and Budget Periods

1. District Operations: The District’s grant and budget period shall cover up to a one (1) year time period, unless otherwise approved by the SWMP.
2. Plan Implementation and District Subgrantee Projects:
 - a. Districts are to assign project and budget periods for district subgrants to allow for up to a two (2) year time period for project completion.
 - b. A maximum of one (1) six (6)-month extension may be allowed beyond the two (2) year completion period when approved by the District’s Executive Board. All project and budget period extensions must be documented in executive board meeting minutes with a copy of the extension and executive board meeting minutes provided to SWMP.
 - c. Any extension of the project or budget periods beyond two (2) years and six (6) months must have prior approval of the District’s Executive Board and the SWMP.

3. Grant and Project Approval Process:

C. Method of Payments and Disbursements

1. The District must be in compliance with all reporting requirements to receive disbursements.

2. Disbursements from SWMP to the District.

- a. For District Operations. Funds allocated to the District are disburseable to the District by the SWMP for all eligible and approved expenses for performing the agreed upon scope of services identified in the approved application, required attachments, and supporting documentation, if applicable. In order to receive funds, the District shall submit original invoices requesting disbursements to the SWMP as agreed upon per the Attachment 1 of the approved and fully executed FAA. For Districts entering into contracts for district operations, no disbursements will be made for such expenditures incurred before the SWMP approval date or after the closing budget date. Budget closing dates can be extended when prior approval has been granted by the SWMP.
- b. For Plan Implementation Projects. Funds allocated to the District are disburseable to the District by the SWMP for all eligible and approved expenses for performing the agreed upon scope of services identified in the approved application, required attachments, and supporting documentation, if applicable. In order to receive funds, the District shall submit original invoices for payment to the SWMP as agreed upon per the Attachment 1 of the approved and fully executed FAA. No disbursements will be made for district plan implementation expenditures incurred before the SWMP approval date or after the closing budget date. Budget closing dates can be extended when prior approval has been granted by the SWMP.
- c. For District Subgrantee Projects. Funds are disburseable to the District by the SWMP for all eligible and approved expenses as specified in the agreed upon scope of services identified in the approved district subgrantee project application(s). In order to receive funds, the District shall submit original invoices and a copy of the fully executed District Subgrantee FAAs supporting the amounts requested from the SWMP, as agreed upon per the Attachment 1 of the SWMP's FAA. No disbursements will be made for district subgrantee project expenditures incurred before the SWMP approval date or after the district subgrantee project closing date. Project closing dates can be extended when prior approval has been granted by the District's Executive Board and SWMP as provided for in section B., above.
- d. All invoices submitted by the Districts to the SWMP must include:
 - i. the project name, project identification number, and the amount of allocation funds requested for disbursement for each project;

- ii. the award amount set forth in the fully executed FAA by the District or District's Subgrantee; and
 - iii. copies of fully executed FAAs for each project for which the District is requesting funds, as attachments.
 - e. All requests for disbursement must include the following certification signed by the authorized district official: I certify that to the best of my knowledge and belief the data above are correct and that all outlays were made or will be made in accordance with the grant or subgrant and that payment is due and has not been previously requested.
 - f. No disbursements will be made for costs incurred before or after the project's approved budget period or for costs incurred prior to the approval of the project by the SWMP.
 - g. No disbursements will be made for expenditures incurred after the closing budget period unless a budget time period extension has been granted. (See section B., above.)
3. Payments from the District to the District Subgrantee
- a. The approved and fully executed FAA between the District and the District Subgrantee shall include:
 - i. the District issued sequential project identification number;
 - ii. the District Subgrantee's name;
 - iii. the project name;
 - iv. the project start and completion dates;
 - v. a breakdown of award amount from allocation, carryover, and interest;
 - vi. the Subgrantee and District authority signatures;
 - vii. an executive summary;
 - viii. project tasks;
 - ix. a budget summary/notes contained in the district subgrantee project application;
 - x. a requirement that the District will retain 15% of the amount to be paid to the District Subgrantee until the District Executive Board gives its final approval of the District Subgrantee's final report and final accounting of project expenditures;
 - xi. a requirement that records be retained for 3-years;
 - xii. for a minimum 5 year security interest in buildings, building site improvements, or equipment costing five thousand dollars or more and purchased, in whole or in part, with SWMF monies; and
 - xiii. a copy of the District's Special and/or General Terms and Conditions, if referred to.
 - b. Invoices submitted to the District by the District's Subgrantee must include:
 - i. the award amount provided in the fully executed FAA; and

 - c. All requests for disbursement must include the following certification signed by the authorized District Subgrantee official: I certify that to the best of my knowledge and belief the data above are correct and that all outlays were made or will be made in accordance with the subgrant and that payment is due and has not been previously requested.
 - d. No reimbursements will be made for costs incurred before or after the project's approved budget period by the District or for costs incurred prior to the approval of the project by the SWMP.

- e. No reimbursements will be made for expenditures incurred after the closing budget period unless a budget time period extension has been granted (See section B., above).
- f. Where the District requires match, payments under non-construction subgrants are to be based on the subgrant sharing ratio as applied to the total project cost. Each invoice submitted to the District must be based on the subgrant sharing ratio unless the District's subgrant specifically provides for advance payments.
- g. Advance payments may only be made upon a showing of good cause or special circumstances, as determined by the SWMP. Advance payments will only be made on a monthly basis to cover estimated expenditures for a 30-day period or as otherwise agreed. The SWMP will not approve the District advancing more than 25% of the total amount of the subgrant unless the Subgrantee demonstrates good cause.
- h. The District shall retain 15% of the funds awarded to the project until a District Subgrantee's final report has been provided to the District and the District's Executive Board approves the project's final report and final accounting of expenditures.
- i. The District has the option of making payment directly to a vendor instead of reimbursing the District Subgrantee. In order for payment to be made directly to a vendor, the District's Executive Board must approve such direct payment for goods or services being purchased by the District Subgrantee and the goods or services must have been actually received by the District Subgrantee. The District's Executive Board is nevertheless still bound by the requirement to retain 15% of the project funds until it approves the final report and final accounting of expenditures submitted by the District Subgrantee.
- j. The District's Executive Board and the SWMP may approve waiving of the 15% retention upon written request by the District Subgrantee.

D. Withholding of District Funds

1. The SWMP may withhold or reduce district grant awards if the District is not in compliance with:
 - a. The Solid Waste Management Law and regulations;
 - b. Planning requirements pursuant to section 260.325, RSMo;
 - c. All General and Special Terms and Conditions of the District's FAA;
 - d. Audit requirements as set forth in 260.325.10 RSMo and as detailed herein at Subsection J.5 and Section K;
 - e. Significant audit findings and questioned costs resolution plans; and
 - f. All reporting requirements and plan revisions detailed in 10 CSR 80-9.050.
2. The SWMP may immediately withhold funds for significant audit findings. For other situations for which the SWMP determines the withholding of funds would be appropriate, the SWMP shall provide written notice of noncompliance prior to such withholding, and such notice shall allow at least thirty (30) days for the District to comply with the requirements contained in the SWMP's notice of noncompliance.
3. The SWMP may withhold funds for failure to timely submit reports. To determine whether a report has been timely submitted, the SWMP shall use the postmark date as the date submitted by the District. If no postmark date is available, the SWMP shall use the date the

SWMP receives the report. Withholdings for failure to timely submit reports shall be done as follows:

- a. If a District fails to submit to the SWMP a complete quarterly report, annual report, or plan revision (i.e., assessment inventory) by the due date indicated in the SWMP's notice of noncompliance, the SWMP shall withhold and reallocate funds equal to one percent (1%) of the District's most recent quarterly allocation for each day past the notice due date.
 - b. Extensions from the required due dates are allowed if the following provisions have been met:
 - i. The District has requested an extension prior to the notice due date and the SWMP has granted that extension; and
 - ii. The District has submitted complete reports by the dates indicated in previous SWMP approved extensions.
4. The SWMP may withhold disbursements for costs it determines to be inappropriate or unnecessary. In such event, the District shall repay the SWMP or the SWMP shall withhold from the District's allocation the amount of the costs, following the SWMP's written request.
 5. Funds withheld or repaid by a District shall be reallocated by the SWMP to all Districts that, at the time of the reallocation, are in compliance with all requirements and have addressed all deficiencies identified in a District's audit to the satisfaction of the SWMP. The reallocation shall be made to Districts in accordance with the allocation criteria pursuant to section 260.335, RSMo.

E. Recordkeeping

1. The District or District Subgrantee shall retain financial records, supporting documents, and other records pertinent to the subgrant for a period of three years starting from the date of submission of the final financial status report.
2. If any litigation, claim, negotiation, audit, or other action involving the records has been initiated before the expiration of the 3-year period, the District or District Subgrantee shall retain records until completion of the action and resolution of all issues that arise from it, or until the end of the regular 3-year period, whichever is later.
3. The SWMP and the Missouri State Auditor's Office and any of their authorized agents, shall have the right of access to any pertinent books, documents, papers, or other records of the District or District Subgrantees which are pertinent to the subgrant, in order to make audits, examinations, excerpts, and transcripts and the SWMP shall have the right to inspect any and all such documents and records so long as they are maintained by the District or the District Subgrantee, regardless of whether the requirement to maintain those records has expired.
4. For equipment and building or site improvement records the 3-year retention period begins from the date of the disposition, replacement, or transfer of the asset at the direction of the SWMP or District.
5. The District will include these provisions for compliance with the record retention requirements of these General Terms and Conditions in every subgrant.
6. The District's records shall be maintained as public records pursuant to Chapter 610, RSMo.

F. Program Income

1. The District or District Subgrantee is encouraged to earn income to defray program costs.
2. Program income shall be deducted from outlays (i.e., expenditures) that may be both district grant funds and non-district grant funds as described below, unless the District Grant regulations at 10 CSR 80-9.050 or the FAA specify another alternative (or a combination of alternatives). In specifying alternatives, the SWMP may distinguish between income earned by the District and income earned by District Subgrantees and between the sources, kinds, or amounts of income. When the SWMP authorizes use of the alternatives in paragraphs 2.b. and 2.c. of this section, program income in excess of any limits stipulated shall also be deducted from outlays.
 - a. Deduction. Ordinarily program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless the SWMP authorizes otherwise. Program income which the District or District Subgrantee did not anticipate at the time of the award shall be used to reduce the SWMP and District contributions rather than to increase the funds committed to the project.
 - b. Addition. With the prior written approval of the SWMP, program income may be added to the funds committed to the FAA by the SWMP and the District. The program income shall be used for the purposes and under the conditions stated in the FAA.
 - c. Cost sharing or matching. With the prior written approval of the SWMP, program income may be used to meet the cost sharing or matching requirement of the FAA, if applicable. The amount of the district grant award remains the same.
 - d. Program income after the award period.
 - i. Program income generated from project activities occurring after the expiration of the FAA between the District and District Subgrantee remains with the District Subgrantee.
 - ii. Program income generated from project activities funded from district grant funds occurring after the expiration of the District's FAA with the SWMP must be expended in compliance with 10 CSR 80-9.050.

G. Interest Income

1. Expenditure of interest income earned on district grant agreement funds must be in compliance with 10 CSR 80-9.050.
2. Interest income earned from grant monies may be used to fund costs as long as those costs are reimbursable under the provisions established in 10 CSR 80-9.050 and directly benefit the District Subgrant Program and are budgeted and spent as part of a subgrant approved by the SWMP.
3. The expenditure of interest income, like other grant expenditures, must be reported to the SWMP quarterly on forms provided by the SWMP.

H. Match or Cost Share Funding

1. At this time, the SWMP does not require Districts to match state funds allocated pursuant to 260.335, RSMo.
2. The District may elect to require a matching share from their District Subgrantees. The matching share will usually be prescribed as a minimum percentage. In-kind (non-cash)

contributions are allowable project costs when the in-kind contributions directly benefit and are specifically identifiable to the project or program. Any in-kind match must be assigned a fair market value stated in dollars and the rationale used to calculate the value must be provided. Neither costs nor the values of third party in-kind contributions count towards satisfying a cost sharing or matching requirement of a subgrant agreement if such costs have been or will be counted towards satisfying a cost sharing or matching requirement of another SWMF subgrantee agreement, a SWMF procurement contract, or any other award of SWMF funds. MDNR funds from another MDNR grant or subgrant shall not count towards satisfying a cost sharing or matching requirement of a district subgrant agreement. Any match funds are considered state funds and may only be used for purposes allowed by 10 CSR 80-9.050.

I. Financial Management Systems

The financial management systems used by Districts and District Subgrantees must be in accordance with generally accepted accounting principles and meet the following standards:

1. **Financial Reporting.** Accurate, current, and complete disclosure of financial results of financially assisted activities must be made in accordance with the financial reporting requirements of the subgrant;
2. **Accounting Records.** Records shall be maintained that adequately identify the source and use of funds provided for financially assisted activities. These records must contain information pertaining to subgrant awards and authorizations, restrictions on use of funds, obligations, unobligated balances, assets, liabilities, outlays or expenditures, and income, permit preparation of reports required by the SWMP, permit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes;
3. **Internal Control.** Effective control to prevent loss or misuse and accountability shall be maintained for all District and District Subgrantee cash, real and personal property, and other assets. Subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes;
4. **Budget Control.** Actual expenditures or outlays must be compared with budgeted amounts for each subgrant;
5. **Allowable Costs.** Allowability of costs shall be determined in compliance with the Solid Waste Management Law and implementing rules as well as the cost principles established in Office of Management and Budget, 2 CFR Chapter I and chapter II, Parts 200, 215, 220, 225 and 230, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Grants. The District Grant rules and regulations at 10 CSR 80-9.050, and the subgrant scope of work will be followed in determining the reasonableness, allowability, and allocability of costs. The District and its Executive Board are responsible for ensuring proper use of the SWMF. Districts will repay the amount of any improperly expended funds to the SWMP.
6. **Eligible and Ineligible Costs.** Eligible and ineligible costs may vary depending on the services, materials, and activities being performed. The District shall refer to 10 CSR 80-9.050(2)(D) for specifics for district fund use. Items not listed in 10 CSR 80-9.050(2)(D) or in sections (3)(A) District Operations, Eligible Costs and (4)(B) Plan Implementation Projects, Eligible Costs may be allowed with prior approval of the District's Executive Board and SWMP;
7. **Source Documentation.** Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract and subgrant award documents. Appropriate electronic verification of cleared

checks may also be considered source documentation in lieu of actual cancelled checks. The documentation must be made available by the District or District Subgrantee at the SWMP's request; and

8. The District shall have procedures in place to minimize the time lapsed between money disbursed by the SWMP and money spent by the District or District Subgrantee.
